NEW TAX LAW IS LAUDED

H. M. Froman, president, and H. G. Skiles, of Crab Orchard, secretary of the State Tax League, the organization which conducted the fight in behalf of a new taxing system for Kentucky, have issued the following statement:

"The State Tax Commission has published its first report to the Governor and Legislature and, although the complete returns have been delayed in some of the counties, enough information has been developed to indicate the most satisfactory results to both taxpayers and in the State revenues.

"The increase in the listing of intangible personal property, such as bonds, stocks, notes and accounts, is remarkable and it is estimated will reach the enormous sum of over \$400,000,000, compared with \$80,000,000 last year, or say five times as much.

"Bank deposits increased from \$11,000,000 to about \$180,000,000, or over sixteen times.

"Increase in assessments of whisky, oil, beer, race tracks and other items, some of which were never taxed before, will provide additional revenues of over \$1,142,000, or say one-fourth of the former general tax from practically new sources.

The total assessments of all property returned by the Assessors last year was \$922,456,481 and, from the figures so far available, this amount will be increased this year to \$1,500,000, and possibly \$1,700,000, when all the returns are in.

"The reduction in the State tax rate from 55 to 40 on each \$100 will result in a saving to taxpayers, who have heretofore made accurate returns of over \$2,000,000, while the increase in State revenue, largely from property not heretofore contributing, will reach over \$4,000,000, if the surmise of the Tax Commission is correct. The net increase in revenues is estimated at \$2,343,000, after allowing for the loss by decrease in the tax rate.

"The increases are mostly in counties in which the larger cities are situated, as, for instance, Jefferson (Louisville) increased from \$12,500,000 to \$125,000,000; Fayette (Lexington) increase over last year \$10,000,000 to \$15,000,000; Warren (Bowling Green) \$7,000,000 to \$9,000,000; Henderson (Henderson) \$6,000,000 to \$9,000,000; Davies (Owensboro) \$10,000,000 to \$12,000,000, and others in proportion.

"This refutes the charge that the cities would profit by the new laws at the expense of the country.

"There are two results from the operation of the laws of great significance. First, the State will have ample revenue to meet the current expenses; second, the law revenue will come chiefly from personal property heretofore contributing.

"The prompt response to the new laws is also remarkable, and indicates a willingness on the part of taxpayers to comply with just laws and equitable assessments.

"The State Tax League, which advocated the changes, feels a commendable pride in calling attention to the above facts, and the whole State is under obligations to the framers of the new laws and the Tax Commission which is so ably administering them."

NO INDIGESTION, GAS, OR STOMACH MISERY IN FIVE MINUTES

"Pape's Diapepsin" For Sour Acid Stomachs, Heartburn, Dyspepsia

Time it! In five minutes your sour, acid stomach feels fine. No indigestion, heartburn, or belching of gas, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in sweetening upset stomachs. It is the surest, quickest and most certain stomach antacid in the whole world, and besides, it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapepsin will save them from such misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and enjoy it, without dread of acid fermentation in the stomach.

Pape's Diapepsin belongs in your home any way. Should one of the family eat something which don't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement due to fermentation and acidity, at daytime or during the night, it is handy to give the quickest, surest relief known.

MARRIAGES

J. W. Carroll, a youth of 20, and Miss Bessie Parrish, sweet 16, were married at the court-house Saturday.

Mr. and Mrs. George Deneghy Mahan, of Danville, will celebrate the fiftieth anniversary of their marriage on Feb. 6th. Miss Ada Mobley, of this city, is in receipt of an invitation.

PREFERS CHAMBERLAIN'S

"In the course of a conversation with Chamberlain Medicine Co.'s representative today, we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher, Hamilton County Republican-News, Syracuse, Kan.

DOINGS THE COUNTRY OVER

Charles Lippold, formerly of Louisville, is dead in Atlanta.

There are now 4,500,000 autos in use, against 3,225,000 a year ago.

The Chicago Nationals paid \$50,000 for Pitcher Alexander and his battery mate, Bill Killifer.

Mrs. Katie Ahlers, who killed Philip E. Tucker at Dallas, Texas, was given five years in the pen.

Having a span of 228 feet, the new bridge across the Tiber at Rome, is the longest re-enforced concrete arch in the world.

Two persons were killed and 20 were injured when a passenger train on the Pennsylvania line struck a street car near Canton, O.

The City Commissioners of Lexington reduced Chief of Police James Egan and reinstated J. J. Reagan, who resigned November 4. Reagan is one of the best-known chiefs in the State.

Investigation has brought to light the fact that retail prices of gasoline are from seven to 10 cent above the refining cost and an effort will be made to reduce the price of that commodity.

Robbers armed with axes hacked and killed two farmers near Sharon, Ja. The victims, Evan and Thomas Davis, were attacked while asleep in their bedroom. The robbers got \$100 and a watch.

A rooster and his five wives, sixty-two cats and a family of twenty-five goldfish, which were found on the five German ships seized in Boston, were interred by the Animal Rescue League.

Joseph B. DeJarnette, of Bourbon, was found dead in his home with a rifle by his side. He was 64 years old and a man of much prominence in his section. He was alone at home when the tragedy occurred.

Assuming an attitude of defiance several Louisville saloon men kept open their places of business yesterday, heatless Monday, despite protests on the part of hotel proprietors and others whose bars were closed.

Two concerns engaged on Government contracts—the Henry Smith & Sons Company shipping plant at Curtis Bay and the Oelia Woolen Mills near Baltimore—were burned with losses of \$500,000 and \$200,000 respectively.

Dr. Granville Haynes, prominent Louisville surgeon, has been enrolled in the medical corps of the Good Samaritan Base Hospital Unit No. 40, according to announcement made by Dr. David Barrow, director of the unit. Orders to proceed to training camp are now expected daily.

Mrs. Ellen O'Grady was appointed a Deputy Police Commissioner of New York City yesterday, with the rank of Fifth Deputy, thereby shattering a precedent of the New York police department. She will have charge of the "white slave" traffic cases and look after missing girls.

Greater tax levies, the form of which cannot now be anticipated, probably will be provided by Congress. Chairman Kitchin, of the House Ways and Means Committee, announced in view of this, he said, he deemed it unwise to consider general amendments to the war revenue act at present.

Secretary McAdoo yesterday recommended the creation of a half billion-dollar Government corporation to lend financial assistance to enterprises essential to the war; also that all private issues of securities of more than \$100,000 be made subject to the approval of the Government organization to be known as the "War Financing Corporation."

A dispatch from Elizabethtown says: Two attempts were made to burn the Baptist Orphans' Home at Lynnland, in this country. Three girls, ranging from 12 to 15 years old, were arraigned before County Judge D. W. Rider, but as there was no direct proof against them they were dismissed. Several beds in the building in two or three rooms were ignited by matches.

Growing out of the Louisville & Nashville wreck at Shepherdsville, when forty-nine persons were killed, three suits aggregating \$170,000 were filed in Circuit Court at Bardstown against the railroad by Jasnor W. Muir, administrator for the deaths of Nat W. Muir, banker; his wife, May Shadburn Muir, and son, George. Other administrators and executors are qualifying in court at Bardstown.

Three more suits were filed against the L. & N. in the Nelson Circuit Court to recover damages for loss of life in the Shepherdsville wreck. Thomas J. Miller, an administrator of his wife, Mrs. Mabel Brown Miller, sued for \$35,000; the Rev. H. H. Mashburn, sued for \$35,000, and Dr. R. H. Miller, administrator of his wife, Mrs. R. H. Miller, sued for \$35,000.

In a series of fires in shinyards, on munition shins, in war plants and storage buildings along the Atlantic seaboard, Government officials saw indications of a widespread plot to cripple United States war activities.

Nearly all of the fires were of suspicious origin. Ten men were killed and many injured by an explosion in a powder magazine in the United States navy torpedo station at Newport, R. I. It was said there was nothing to indicate this disaster was the work of enemy agents.

SOON OVER HIS COLD

Everyone speaks well of Chamberlain's Cough Remedy after having used it. Mrs. George Lewis, Pittsfield, N. Y., has this to say regarding it: "Last winter my little boy, five years old, was sick with a cold for two or three weeks. I doctor'd him and used various cough medicines but nothing did him much good until I began using Chamberlain's Cough Remedy. He then improved rapidly and in a few days was over his cold."

ARE YOUR SEWERS CLOGGED?

The bowls are the sewerage system of the body. You can well imagine the result when they are stopped up as in the case in constipation. As a purgative you will find Chamberlain's Tablets excellent. They are mild and gentle in their action. They also improve the digestion.

CONCERNING HEMP PRICES

The hemp raisers of Lincoln and adjoining counties are not feeling the best in the world over the prospect of selling their hemp crop at a figure that will justify the expense and trouble of production, but excerpts from a letter to Congressman Harvey Helm from Frank McIntyre, Chief of the Bureau of Insular Affairs, printed herewith may throw some light on conditions concerning hemp and may have the effect of making the hemp raisers feel a little better about their crops. Certainly if Mexican hemp is worth 19 1/4c per pound and Kentucky hemp is used for the same purpose for which Mexican hemp or sisal is used, the Kentucky product should be worth as much money.

"There has been discussion between the manufacturers and the bureaus of the government having relation thereto as to the possibility of stabilizing the price of Manila hemp. No decision

has been reached and there is some doubt as to whether anything will be done. The Kentucky hemp is used almost entirely for purposes for which Manila hemp is not used. The Manila hemp is used almost exclusively for marine cordage. Kentucky hemp is used more for those purposes for which Mexican sisal is used.

"For this reason I am not sure that a decision with reference to Manila hemp would materially affect the price of Kentucky hemp.

Fair current Manila hemp is now quoted at 29 cents in New York. I understand that practically the entire requirement for the next crop of Mexican sisal has been purchased at 19 1/4 cents per pound."

SOME PERTINENT QUESTIONS

Maywood, Jan. 28.—Is not Lincoln county as patriotic as any county in the State or nation? The I. J., our mouthpiece, says we stand behind the President and the President says that food will win the war. Is Lincoln county producing all the food she can or couldn't we do a little bit more? Could not our boys raise an acre of corn all by themselves, independent of what they help their fathers raise? Could not our boys and girls, who have never done so, raise a pig or calf and thus increase our food? I. J. readers don't you think we could organize and meet and exchange ideas and discard old ideas for new ones and help Uncle Sam fill his storerooms just a little bit fuller than they were last year? Are we going to let our soldier boys go hungry? Is Lincoln going to do her part in the war this year by raising big crops on every farm? Do we, as Kentuckians believe in our motto, "United we stand, divided we fall?" Let us get together and see what we can do. Let's hear from the people through the I. J. Let's not be slackers.

Orders to proceed to training camp are now expected daily.

KIND WORDS FOR THE I. J.

"I am always anxious to receive every copy of the I. J.," writes Mrs. William Cummins, of Kansas City, Kansas, as she forwards \$1.50 for her paper.

Mrs. C. C. Leete, writing from Davenport, Wash., says: "Enclosed find \$3 for two years' subscription to my old home paper. Please see that I do not miss a copy. A prosperous year to you all and everybody in Lincoln county."

Dale B. Withers, a former Lincoln county boy, now residing at Redlands, Cal., sends \$1.50 and says: "Couldn't do without my good home paper. Send it along and be sure that I am mailed every copy."

Mrs. Kate Egbert, of Crab Orchard, sends \$1.50 to pay for her I. J. to Jan. 1919 and says: "My husband subscribed for the Interior Journal when the first issue was printed, but he died in 1891 and I have taken it every since. I think, if I am not very much mistaken, that it was somewhere in the sixties that we began getting the I. J. I do not feel that I can do without it and I appreciate it now in my lonely life more than when I had a family."

ELATED OVER G. O. P. GAINS

Republican leaders are much elated and very cheery over the recapitulation of the returns of the last election, which show that in the 1917 "off" election they elected exactly double their membership over 1913, which was also an "off" year. In the 1914 Legislature the Republicans had seven Senators and twenty Representatives and in the present session they have fourteen Senators and forty Representatives. The Republicans elected last November and now have fifty-six of the County Judges in the State and fifty-five Sheriffs, which is a large increase over the number of these officers chosen in 1913.—Louisville Times.

NATIONAL SONG WEEK

National song week, commencing on Washington's birthday, February 22, will be observed in Kentucky. State Superintendent V. O. Gilbert is preparing to enlist the schools and clubs, choral societies and other organizations are expected to learn and sing "America," the National Anthem, and "Battle Hymn of the Republic." Gov. Staney probably will officially proclaim the week.

RED CROSS ITEMS

Will all who joined the Red Cross during the late drive call at Dr. T. W. Pennington's office to get their certificates? If you cannot call for it, please ask some one to get it for you.

Those who promised money for

yarn, please pay as soon as possible.

STOMACH TROUBLES

If you have trouble with your stomach you should try Chamberlain's Tablets. So many have been restored to health by the use of these tablets and their cost is so little, 25 cents, that it is worth while to give them a trial.

HAD 24 PINTS OF BOOZE

Sam Thurman, colored, was arrested Saturday night as he stepped from train No. 21 by Chief of Police George T. Wood and placed in jail. Thurman carried a basket which he admitted contained 24 pints of whisky and besides this he had a bottle or so in his pockets. He was taken before City Judge R. L. Davison Monday morning and a court of inquiry was held, both County Attorney T. J. Hill and City Attorney P. M. McRoberts being on hand. Thurman swore that he had been sent for by the

Tuesday, rather than Monday as court day, stores can all be found open and the visitors can buy what they want. T. W. Jones, who operates the Nunnelley Stock Yards, will hold

sales on Tuesday and will so notify his many patrons. The move strikes us as a most excellent one and the Interior Journal will do its utmost

to where he got the money,

when he said he "played music" and waited on the table at the hotels. Questioned more closely, he said that he had not worked at any hotel since last fall and that he had only stayed

for two or three dances. Believing that there is a good case against him, Judge Davison ordered Hocker to

to await his trial this afternoon.

Thurman will be used as a witness against him, and he too, may be given a fine for securing whisky for another.

POOR FINANCIAL CONDITION

The following, taken from the Somerset Journal, would indicate that things are not in excellent condition financially with the good country of Pulaski: "County Judge R. C. Tartar says that he is working hard to find the exact financial condition of the county. Claims are piling up by the thousands of dollars, but we hope by the middle of February to announce to the public just how the county stands.

SHOUN GOES "OVER THE TOP"

The following dispatch is sent from Somerset: Pulaski county has the honor of having furnished a soldier who for eighteen days stood in the trenches on the western front and was finally rewarded by "going over top" and bringing back a German prisoner. This young man is Sergt. Umbra Shoun, son of C. A. Shoun, of Norwood, who has just returned from the battle front. He arrived home this week after a trip of several thousand miles. Sergt. Shoun has been in the army for several years and was with Pershing's troops who went into Mexico. He later went to France when this division was sent across. These troops were the first to be sent to take part in the great conflict. After several months' training behind the line they were sent into the trenches with the British soldiers. For eighteen days Sergt. Shoun was within talking distance with the Boches, and finally the order came to "go over the top." A Pulsakian and a true Kentuckian, he was one of the first over and brought back a German captive. He says that the German soldiers do not know that the United States have any troops in France, and when he told his captive that he was an American soldier the German would not believe him. He says the Germans are kept ignorant of the fact that America has entered the war. Sergt. Shoun suffered from what is known as trench paralysis, and he was discharged from the service on account of this disability. He says that he was shown every courtesy by the Government and everything possible was done for him. He

BRUTAL ACTS OF DOCTORS

Secretary of War Baker has returned with order for severer punishment the findings of a court martial dismissing two surgeons from the army, one because he ordered a soldier with a far advanced case of pneumonia back to camp and double duty because he failed to salute him. The soldier died a few days later. The other brute kept an ambulance full of sick men out in the rain for an hour before going to them and then ordered them away, claiming that there was no room for them in the hospital, notwithstanding the proof showed that there was. One of the men was delirious and when the driver expressed a fear that he would hurt himself or others, he was ordered to tie him so that he couldn't. He and another of the men died in a short time afterwards. One of these beasts and agents of the Kaiser is named J. G. Dwyer and is on duty at Camp Funston, the other C. W. Cole at Camp Beauregard. Indignation must fill the mind of every one who reads of such brutality, especially if he be a parent, who has a son in the service who may receive similar treatment. Death in its most cruel form is too good for the creatures who would thus treat those boys who have offered their lives to fight the enemy, not to have them taken by men employed to doctor them, and example should be made of the monsters that would forever deter other whipper-snappers from such shocking display of heartlessness. That such fiends are in the service is due to the fact that many so-called doctors, without standing or practice at home, have been taken into the service and that the display of patriotism was due more to a desire to get a good job to make a living than the effort to serve the country. If it is necessary to take incompetents for such positions they ought at least to be gentlemen, who would not stoop to revenge on a helpless and dying soldier. Our blood boils with indignation to think that a court martial would impose no greater punishment than dismissal for crimes that put even the atrocities of the Hun to shame.

A bill has been presented in the Legislature to punish those who beat with the book-makers with imprisonment at not less than one month nor more than twelve in jail, while the book-maker himself is liable to heavy fine and a term in the penitentiary. It ought to be passed. If there were no suckers to go up against the game there would be no game and the scamps who set it up would have to seek an honest living. In this connection it is gratifying to observe that the new broom in Louisville is sweeping pretty clean in getting out gambling and book-making and has revoked the licenses of several prominent bars for violating the Sunday law. If the republican administration will rid the city of these curses it may prove a blessing in disguise, much as it is now regretted.

In addition to the half per cent tax imposed on all property for its benefit, the Kentucky University has asked for a big appropriation, but it is hoped that the Legislature will make no further appropriations for that institution until bond and security has been given that gambling shall cease in Lexington, so that the young men sent there may not have their morals corrupted by it and its concomitant of liquor drinking, the sordid and gambling going together. Under present conditions Lexington is the worst place in the country for the formative period of character of the young.

A Patterson, N. J., man who prophesied that the Kaiser would die Jan. 18, went and killed himself, leaving a note saying: "I have been a false prophet, therefore I have sinned against God." The poor fellow ought not to have taken it so hard but should have remembered that if at first you don't succeed, try, try again. If he keeps on he is bound to win, since the old beast is sure to die sometime, even if he does claim partnership with the Holy Spirit. Who will never die.

Moderator H. Boyce Taylor claims that he is not disloyal, but like Peter who denied his Saviour, his speech "betrayed" him. That his church takes little stock in his assertions, however, is shown by others following the lead of the Richmond Baptist church and demanding his resignation. The Beechmont Church at Louisville is the last to do so.

The grocers of Frankfort have suspended free delivery of groceries and will charge five cents for each delivery. It is not so bad here, where people use more judgment, but we are told that in cities women will have a nickel's worth of anything sent to them, and even require a spool of thread delivered if they are not going straight home.

While the bills passed by the Legislature are not as bone-dry as we would like to have them, they will suffice, and now if the body, having solved the vexed question, will get down to other very important work and adjourn within the time limit, it will make a reputation for future Legislatures to emulate.

It strikes us that the call for \$50,000 to extend the work of the tax commission is going it a little strong, especially as it already has a big sum at its disposal. It is about as well to let the people keep the money as to make them give it up for an army of officers, who will probably not earn their salaries.

The report that Villa has broken his leg and that it had to be amputated is doubtless like Mark Twain said of the report of his death, "it is slightly exaggerated." Villa has more lives, apparently, than the fabled cat or he would long since have filled the grave that has long yawned for him.

dispatch says: "Three forged checks had been given to Danville merchants up to Saturday afternoon, and so far no clew or description except that the 'beneficiary is black.' The first check was given to F. K. Tribble Coal Company for \$5, and made payable to 'Willie Haggie.' Willie requesting the delivery of a dollar's worth of coal at 601 South Fourth street. 'Willie' pocketing four good hard dollars and proceeding to the grocery and meat stores of William Lunsford, where he presented a check for \$6 in payment for \$2 worth of groceries and meat, which he put in his pockets and walked away with four more dollars. The next place 'Willie' showed up was at a grocery store on Beatty avenue, where he presented a check for \$7, which he exchanged for 75 cents' worth of fruit and canned goods and \$6.25 worth of "change." The signature on all the checks were the same, but hard to decipher, and it was only with the assistance of 'Willie's' statements that they were signed by Mr. Clarence Powell, the harness man," that the above merchants accepted the checks. All the checks were forged. Nothing, however, had been suspected until the driver of the coal wagon came back with the loaded wagon and stated that "601 South Fourth street was a vacant lot.

THE NEW YEAR

Old Father Time, with hoary beard

And in his bright array,

Husks led us 'round another curve

Toward that celestial day

When we shall face Almighty God,

A strict account to give

Of all the ways which we have trod

While on this earth we live.

The New Year marks the narrow

bounds

Of this terrestrial sphere;

How swift the days grow into weeks,

The months into the year.

So fast now runs Old Father Time,

Why can't the people see

That soon he'll cross the border line

Into eternity!

Yet like an idle tale we pass

Through each succeeding day,

And act as though we thought, alas!

We had come here to stay.

Almighty God, to Thee I pray

That soon the world may see

That for its acts and deeds some day

It must account to Thee.

Awake, oh, God, its throbbing heart,

And let the whole world see

That it should act the Christian part

And give this year to Thee.

J. M. Craig, who bought a half interest in the Dave Thompson farm near Lancaster, will move to the farm in the early spring. Mr. Craig is one of our best and most progressive citizens, and we shall regret to lose him from our number.—Mt. Vernon Signal.

40 Uses for a Hot Water Bottle

Because it is useful in so many ways, a good hot water bottle is a real home necessity. In serious illness your physician will advise regarding its use, but for the purposes listed below, or for any purpose where the application of heat is beneficial, a rubber hot water bottle will give very valuable service.

The End of Your Corns

Pain Stops at Once—Corn Lifts Off Clean.

There is nothing in the world like "Gets-It" for corns. Just apply it according to directions, the pain stops at once and then the corn lifts off clean as a whistle. No fum, no ether, no water. "Gets-It" is known to be safer. Millions have used it, more than all other corn remedies combined, and it never fails.

Don't Waste Time "Hollering." "Gets-It" Never Fails.

There is no need for you to go through another day of corn agony. It can be over in just a few moments. Accept nothing else. For remember, there is positively nothing else as good. "Gets-It" never irritates the live flesh, never makes the toe sore. You can go about as usual with "Gets-It" on while "Gets-It" is magic, does all the work. Then the corn feels right off like a banana skin, and leaves the toe as smooth and corn-free as your palm. Never happened before, did it? Not once. Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25¢, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Stanford and recommended as the world's best corn remedy by The Penny Drug Store.

WITH THE CHURCHES.

Rev. C. H. Greer will hold quarterly meeting at Stanford Sunday, Feb. 10th. Preaching at 10:45.

Rev. R. E. C. Lawson, for eighteen years pastor of the Presbyterian church at Springfield, is dead.

The members of the Methodist church at Pikeville have agreed to use no more sugar in their coffee until the war is over.

The Crescent Hill Baptist church of Louisville passed resolutions concerning J. Boyce Taylor for his disloyal remarks and called on the Federal authorities to take action that will render impotent his efforts to give aid and comfort to the enemy.

Rev. W. L. Clark, pastor of the Mt. Vernon Street M. E. church, advises us that the date for the dedication of the new church has been postponed and will likely be some time in February. The completion of this handsome edifice has been delayed on account of the shortage of some material.—Somerset Journal.

President R. H. Crossfield, of Transylvania College, spoke at the Christian church Sunday morning to an appreciative audience. He chose for his theme "The Divinity of Christ" and those who heard him pronounced it one of the best utterances they had ever heard from this splendid speaker. The fact of Christ's fulfilling Old Testament Prophecy, his miracles, his teachings, his sinless life and what he has wrought in the world's life were clearly shown to be evidences of his Divine origin. It was a thoughtful sermon, inspiring and strengthening to faith, and provocative of thought. On Monday morning Dr. Crossfield addressed the pupils of the high school and higher grammar school grades at the chapel hour on "Winning the War." His recital of the history and causes of the war, thrilling incidents gained from wide reading and contact with men who have visited the scenes of battle, together with his clear cut admonitions as the part that even high school pupils must play in helping in the gigantic struggle made an address well worth hearing, and held the close attention of his hearers to the last second. It is hoped that he will return at an early date when his message can have a much wider hearing.

WOMEN TORTURED!

Suffer Terribly With Corns Because Of High Heels, But Why Care Now?

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezeon. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain.

This freezeon is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

COUNTY COUNCILS OF DEFENSE

Louisville, Jan. 28.—There are several matters in which the Council of National Defense has asked our co-operation, and instead of bringing them to your attention in a succession of letters I have concluded to include them in a single letter, and to ask that publicity be given them through your local press, your pulpits and your schools.

In the interest of the conservation of food, and also the health of the soldiers in the camps, the Council of National Defense requests the public to discontinue the sending of food stuffs to the camps. Abundant food is supplied to our soldiers and sailors in the camps, and additional food is not only unnecessary, but actually harmful, as much of it is spoiled after being conveyed long distances in heated express or mail cars. The aggregate quantity of food thus wasted is enormous.

The time within which soldiers, sailors and army and navy nurses may avail themselves of the war risk insurance which Congress has provided for them at very low rates will expire February 12th, in case of soldiers, sailors and nurses in service October 15, 1917, and in the case of others one hundred and twenty days for enlistment, and parents of the soldiers, sailors and nurses are urged to bring pressure to bear upon their sons and daughters at once to take this insurance.

Our country needs 250,000 skilled workers for its shipyards. Trained riveters, bolier-makers, puchers, machinists, blacksmiths, carpenters, millwrights and other trained men are asked to volunteer for the service with the assurance that they will receive standard wages and be considered one of our military forces. You will hear direct from Washington as to the enrollment for this service during the two weeks beginning Monday, January 28. Your cooperation is earnestly requested.

The scarcity of wool is appalling, and we are today facing a wool famine, with not enough to supply the army and navy alone. Confer with your county agricultural agents, and do all you can to stimulate the production of wool and mutton in Kentucky.

The Council of National Defense asks you to urge the farmers to order at the earliest possible moment, and as far as possible, their total requirements of fertilizer, and to urge the dealers to take advantage of such action by the farmers and order shipment in maximum car loads instead of minimum carloads. Conservation of the transportation equipment of the country is one of the paramount duties of the hour. Very truly yours,

SEEDS That Grow

Are what you want when you buy, seeds that have high purity and germination tests. You can get weed seeds for nothing.

We know seeds and have the best connections in the seed producing sections of the country which enables us to go direct to the section where grown and get the purest and best to be had.

Every bag of seeds we send out is tagged as to purity and germination according to the KENTUCKY PURE SEED LAW and you will always find our seeds above the standard.

Write us for prices and samples and be convinced. We are now the largest dealers in Northern Kentucky.

We are now in the market for good Dry Seed Corn, Lincoln Wonder for Silo, Boone County White, Reid's Yellow Dent, Etc. Write us stating what you have.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious,
Clean Little Liver And
Bowels

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels and the result is, they become tightly clogged with waste, liver gets sluggish, stomach aches, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other with contempt.

FLOUR

We are manufacturing flour strictly in accordance with the United States Food Administration's instructions. That is, we are making 95% of all the flour we make into one grade. We are packing this 95% flour in our No. 1 Fancy Patent flour sacks. We are very much gratified to know how good a flour this makes. You need not hesitate to use this flour for Pastry and Light Bread, in fact for all baking purposes. We have made thorough tests of this flour in our homes, and know positively that it is good. The flour is hardly so white as we formally made it, and that's all. If nothing worse than using this grade of flour happens to us during this war, fortunate people are we. Very truly

THE TRI-STATE PATRON SAYS:

"No Thanks, Mr. Station Man, after cutting the feed—cleaning the stable—milking the cows and running the separator, I will also buy my own railraod ticket instead of paying you a FAT commission. If there is anything easy about keeping cows, I want it myself."

Every farmer should ship his cream DIRECT to the Creamery.
